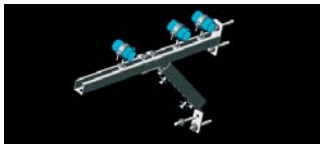
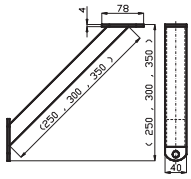
RAIL PROP





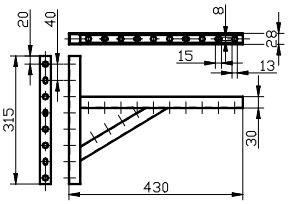
Suitable for all types of fixing rails.

Technical data:

Material:	zinc plated steel

Code Supply number	Name	Package (pc)	Weight (kg/100pcs)
36016250	Rail prop 45° 250 mm	1	58,60
36016300	Rail prop 45° 300 mm	1	66,30
36016350	Rail prop 45° 350 mm	1	73,30

CANTILEVER ARM, TYPE KLS



KLS cantilever arms are used for the fixing to the wall. A pair of KLS cantilever arms can also be used for the fixing of various types of aggregates, e.g. air conditioning units, sources of continuous power supply, etc.

Other lengths can be manufactured by request of a customer.

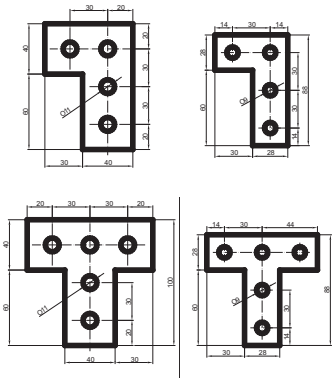
Including a removable end cap.

Technical data:

Material:	zinc plated steel

Code Supply number	Name	Length L (mm)	Profile	Package (pc)	Weight (kg/100pcs)
36020130	Cantilever arms KLS 27/18 – 300 (white)	300	27/18	1	65,80
36020400	Cantilever arms KLS 28/30 – 400	400	28/30	1	137,70
36020600	Cantilever arms KLS 28/30 – 600	600	28/30	1	166,40
36030400	Cantilever arms KLS 38/40 – 400	400	38/40	1	200,10
36030600	Cantilever arms KLS 38/40 – 600	600	38/40	1	236,90
36030770	Cantilever arms KLS 38/40 – 770	770	38/40	1	281,20

RAIL CONNECTOR L/28, T/28, L/40, T/40



Rail connectors are designed for right-angled connections of fixing rails. Connection accessories are not a part of rail connectors.

Recommended connection accessories:

- L/28, T/28 (Screw DIN 933 M6, M8x. . . , rail washer 6, 8, slide nut 27/18, 28/30 M6, M8 or hexagonal nut DIN 934 M6, M8)
- L/40, T/40 (Screw DIN 933 M8, M10x. . . , rail washer 8, 10, slide nut 38/40,40/60, ST M8, M10 or hexagonal nut DIN 934 M8, M10)
- The screw length is selected as necessary.

Technical data:

Material:	zinc plated steel

Code Supply number	Name	A (mm)	B (mm)	C (mm)	D (mm)	Suitable for profile	Package (pc)	Weight (kg/100pcs)
36512830	Rail connector L/28 (27/18+28/30)	28	30	60	9	27/18+28/30	50	7,10
36522830	Rail connector T/28 (27/18+28/30)	28	30	60	9	27/18+28/30	50	8,20
