PRECISION PLIERS

1742-07

Precision Angled Nose Pliers, Half-Round

- For bending fine product assembly
- 3.0mm thickness high carbon steel
- Serrated jaw
- Black phosphate finish

L mm	Code	g
150	253	79

1742-11

Precision Thin Side Cutters, Flush

- 2.5mm thickness high carbon steel
- Slim tips
- Black phosphate finish
- Do not use to cut steel wire

soft wire(mm)	L mm	Code	g
Ø1.6	135	256	78

1742-16

Precision Wire Stripping Pliers

- Stripping wires 0.8-2.6mm, awg 10-20
- 3.0mm thickness high carbon steel
- Serrated jaw
- Black phosphate finish

soft wire(mm)	L mm	Code	g
Ø2.6	165	260	120

1771-1

Crimping Pliers

- For insulated terminals and connectors

Applicable Range	L mm	Code	g
0.5 - 6mm², Awg 20 - 10	230	230A	600

144
145

1742-08

Precision Deep Angled Nose Pliers, Half-Round

- For bending fine product assembly
- 3.0mm thickness high carbon steel
- Serrated jaw
- Black phosphate finish

L mm	Code	g
150	253A	79

1742-12

Precision Safety Thin Side Cutters, Flush

- 2.5mm thickness high carbon steel
- Slim tips with Safety Clip
- Black phosphate finish
- Do not use to cut steel wire

soft wire(mm)	L mm	Code	g
Ø1.6	135	257	71

1742-18

Precision Wire Stripping Pliers

- Stripping wires 1.8-4.5mm, awg 8-16
- 3.0mm thickness high carbon steel
- Serrated jaw
- Black phosphate finish

soft wire(mm)	L mm	Code	g
Ø2.6	165	263	120

1771-1

Crimping Pliers

Applicable Range	L mm	Code	g
10 - 16mm², Awg 8 - 6	230	230B	600

1742-09

Precision Round Nose Pliers

- For bending fine product and operation in small space
- 3.0mm thickness high carbon steel
- Precision equipment
- Black phosphate finish

L mm	Code	g
140	254	72

1742-13

Precision Side Cutters, Flush

- 3.0mm thickness high carbon steel
- Black phosphate finish
- Do not use to cut steel wire

soft wire(mm)	L mm	Code	g
Ø1.6	130	258	71
