

FERM OTM1006

Details:

Milling, grinding, cutting, sawing and more. All is possible with the OTM1006 FERM Cordless Multi Oscillating tool. An extremely versatile machine and therefore multi-usable! With 12V/1.5Ah of power and a load speed of 18.000 vibrations per minute the machine is not lacking any strength and can be used for various jobs. Due to the variable speed control the working speed of the multi tool can perfectly be adapted to each material. This ensures the best possible results in every situation. Due to the sleek ergonomic design combined with soft grip this multi tool is a very handy and comfortable machine to work with. The FERM OTM1006 has a Universal blade connection. This means that the machine accepts all standard rotary tool accessories. Includes Li-Ion battery (12V-1.5Ah) - 3 Sanding papers - Velcro® sanding base plate - HSS half round cutting blade - Plunge cutting blade - Scraping knife - Hexagon key.

Features:

- Cordless, Li-ion technology
- Universal blade connection
- Electronic variable speed
- Soft grip
- Storage case
- Charging time: 3-5 Hours
- Oscillation Angle: 3.0°

Technical Specification

- Gross weight 2.2538
- Power input 12V - 1.5Ah
- No load speed 5.000-18.000/min
- Mains voltage 100-240V~
- Frequency 50/60Hz
- Includes Li-Ion battery (12V-1.5Ah) - 3 Sanding papers - Velcro® sanding base plate - HSS half round cutting blade - Plunge cutting blade
