Welding protection lenses SG 536, SG 538

- 90 x 110 mm, suitable for the CFH welding face-shields and welding helmets, EN 166/169
- DIN 9 protection grade from approx. 60 A - 140 A
- electrode welding, inert gas welding

No. 52536 / SG 536 lighter colouring / 5 pieces EAN 4001845525365

- DIN 11 protection grade from approx. 60 A - 300 A
- MIG, MAG, TIG welding

No. 52538 / SG 538 darker colouring / 5 pieces EAN 4001845525389

Protective cover lens VG 534

- colourless 90 x 110 mm, suitable for the CFH welding face-shields and welding helmets
- EN 166/169, to be set in front of welding filter lens

No. 52534 / 5 pieces EAN 4001845525341

Welding protective goggles SB 520

- made of plastic
- foldable, equipped with side protective shield
- lens ø 50 mm according to EN grade 5
- EN 166/169 approved
- replaceable lenses

No. 52520 EAN 4001845525204

Goggles with screw ring SB 522

- metallic frame with ventilation holes
- with foam lining and adjustable strap
- EN 166/169 approved
- lens ø 50 mm according to EN grade 5
- replaceable lenses

No. 52522 EAN 4001845525228

Flip up goggles SB 524

- plastic frame with ventilation holes and adjustable strap
- suitable for corrective eyeglasses
- lens type in accordance with EN grade 5
- outer and inner lens made of colourless plastic
- EN 166/169 approved
- replaceable lenses

No. 52524 EAN 4001845525242

Replacement lens EG 526

No. 52526 EAN 4001845525266

Electrode holders EH 550, EH 552

- suitable for all electrode types
- right, left and front clamping is possible
- suitable for maximum voltage up to 200/300 A at 60 % ED

loadable with 200 A, for electrodes of up to ø 2.4 mm

No. 52550 EAN 4001845525501

loadable with 300 A, for electrodes of up to ø 3.2 mm

No. 52552 EAN 4001845525525

Earth clamp MK 554, MK 556

- zinc-coated cable lug connection M6 and M8

150 A for M6

No. 52554 EAN 4001845525549

200 A for M8

No. 52556 EAN 4001845525563
